Evaluation Committee:

Name	Signature	Date
Chair / Co-chair:		
1.		
2.		
Members:		
1.		
2.		
3.		

The work must be carried out under the supervision of the academic advisor or at another location approved by the advisor and field of study coordinator. A report in the AIT thesis format must be submitted at the end of each semester in which the student has registered for project credits. Students are encouraged to produce a report of publishable quality using excellent technical English.

Students must defend the project work in an oral examination before an examination committee at the end of each semester in which the student registers for project credits. The committee will jointly assign a grade for the project work.

A copy of the project report must be received by the committee at least seven days before the presentation. Project grades are included in the computation of the student's GPA.
